

WAREHOUSE Services

Efficiently Moving Your World – Seamless Warehousing, Container Freight Station Operations, Haulage, Logistics, and IT Solutions (Specializing in DG Class II Handling)

Your Reliable Partner in Logistics and Haulage Solutions

About us

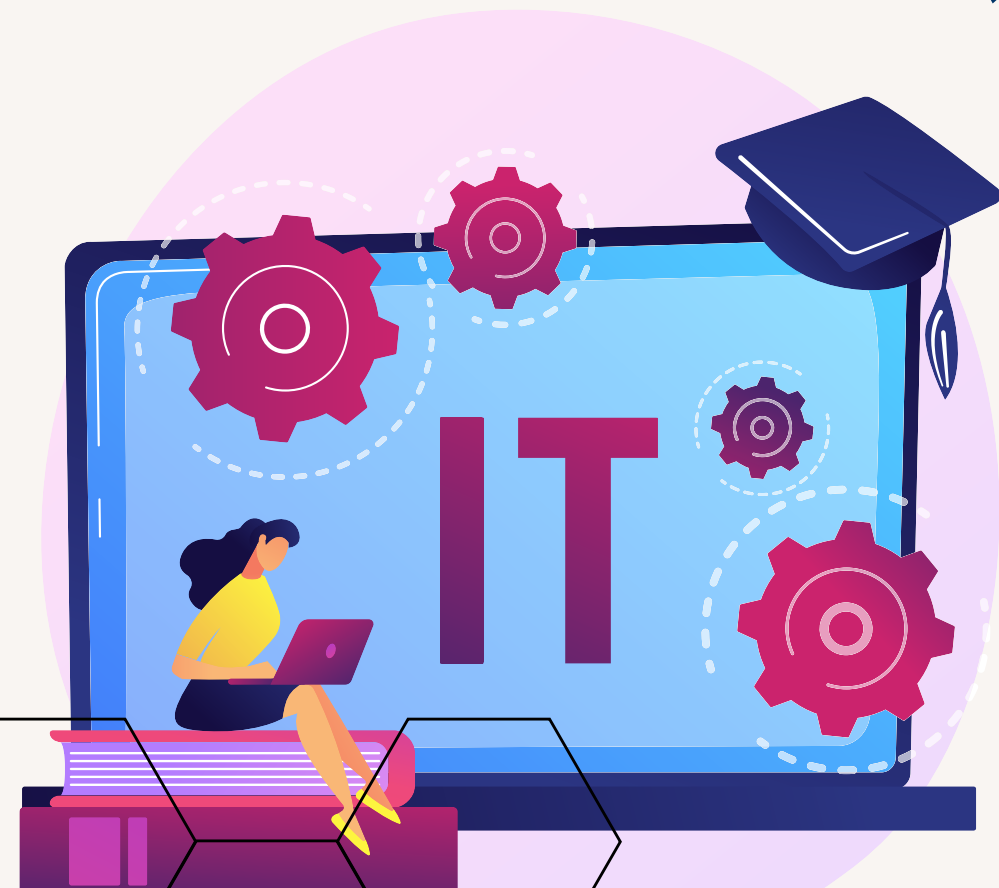

KIDK Trans Pte Ltd is a premier logistics and haulage company based in Singapore, dedicated to providing seamless and efficient solutions for your transportation and warehousing needs. We specialize in handling dangerous goods, bonded cargo, and local delivery with precision and care, ensuring your goods reach their destination safely and on time.

Your Reliable Partner in Logistics and Haulage Solutions

With over 15 years of expertise, we specialize in handling a wide range of hazardous and non-hazardous chemicals. Our skilled Stevedoring team is specially trained in the stuffing and handling of standard steel drums and HDPE drums.

Our IT team offers comprehensive annual maintenance and desktop support for all computer peripherals. We also design, develop, and customize Warehouse Management Software (WMS) tailored to client needs, backed by a dedicated support team to ensure seamless operations.

Your Reliable Partner in Logistics and Haulage Solutions
